NEWS AND VIEWS . . .

By BOB CRAIG

We ran across the following column the other day in the Andrews County News that seemed rather fitting since there seems to be quite a discussion going on now as to whether the world will come to a halt since President Nixon vetoed the Health, Education and Welfare bill the other day.

James Roberts, who is not very strong on the whole idea of our welfare system, wrote the following in his column, "Drifting Sands."

We had a perfectly good breakfast ruined for us in the dining room of a downtown hotel in Dallas yesterday morning.

The place was crowded, busy, and bustling . . . and the tables jammed so close together that even with poor hearing, you were blasted with conversations going from a half-dozen nearby tables.

We were getting the low-down on the latest moves inside the ranks of the Dallas Cowboys—and why they were going to lose Saturday unless . . .

And two tables away a couple of coaches and an athletic director from the Southwest Conference—meeting in the hotel for their annual winter conference—were wailing because a college coach during the regular season doesn't get to watch pro ball games on television.

Seems if the pros play on Saturday—the coach can't watch because his own team is playing. And he can't watch on Sunday because he is going over his game film in preparation for next Saturday's game.

But we lost our appetite because a foursome sat down at the table next to ours and proceeded to vent their anger at the world in general and the United States in general because of the poor way welfare programs are conducted.

The foursome were delegates to a convention in the hotel . . . the American Public Welfare Association and each member of the four was a professional welfare worker.

And right quick we found out that those gals speak a different language from the rest of us . . . and to our "edificatshun" we found out what AB's and IB's are in the professional world of welfare.

AB's are those men on the public welfare rolls who are 'able-bodied' and can work but won't. IB's are 'illegitimate babies' of mothers who are on the public welfare rolls.

" . . . and I finally told her—after I had caught her AB there for the fifth time—that if she wanted to continue to receive a check for her and the seven children that at least she was simply going to have to hide him around the first of the month when I came to deliver the check. . . ."

" . . . Oh, we get on one of those economy kicks in our department at least every 18 months and it's rough for three or four pay periods but usually we have everyone back on the list after the furor dies down. . . ."

"You simply cannot imagine the trouble we had. The state inspector booted a total of 127 AB's off our roll. But fortunately, we have a strong, active WAC group (WAC, we later gathered, means Welfare Action Committee) and we called them and told them about the inspector's actions. They immediately started picketing our office, calling over the state, notified the labor boys, and really stirred the pot. Well I guess you know that it took almost three months for us to get all those AB's back on the program. . . ."

The feller sitting two tables away from us had overheard the same conversation because we noticed that his face kept getting redder and redder . . . and he quit trying to read his morning newspaper and simply stared at the delegates.

Whether accidentally or on purpose, as he squeezed out from behind his table, his hip bumped into the delegates' table and a glass of water overturned, spilling into the lap of the gal from Connecticut. He apologized and jammed on his Stetson and left.

We exited rather hurriedly ourselves but unfortunately, our glass failed to tip over—completely.

E. J. Kiker Seeks Fisher County Post

E. J. (Junior) Kiker has authorized the Herald to announce his candidacy for commissioner of Precinct 2, Fisher County.

Kiker was born in Scurry County and came to Fisher County at an early age. His parents are Mrs. Elmer Kiker and the late Mr. Kiker of Pleasant Valley community.

A resident of the precinct for 43 years, he is engaged in farming and ranching.

He spent two and one-half years in the U. S. Army serving in the South Pacific during WW II. He is married to the former Betty Jean Murphree of Rotan. They have three children.

He will issue a formal statement later.

Work On 180 In 1970-71 Passed By Highway Dept.

The Texas Highway Commission today approved the expenditure of \$992,000 for highway construction in Jones County during 1971-72, announced District Highway Engineer J. C. Roberts of Abilene. He said a total of The following projects will take place in Jones County: U. S. 180, from Anson, east eight miles, for widening, reconditioning, grading, structures and surfacing. Estimated cost: \$992,000.

Reception to Honor Ben Barnes, BCD Speaker, Here Feb. 13

A reception honoring Lt. Gov. Ben Barnes of De Leon will precede the annual Hamlin Board of Community Development banquet Friday evening, Feb. 13. The Lieutenant Governor will be guest speaker for the banquet.

The reception will be held in the practice gymnasium in the high school building from 6:30 to 7:30 with the banquet to follow in the high school cafeteria. The Hamlin High School Stage Band will furnish entertainment during the reception.

One of the highlights of the annual banquet will be the introduction of the new officers and directors for the year. Taking over the duties from retiring president, John C. Bryant, will be Barry

Funeral Services Held Monday for Hillie McCanlies

Hillie R. McCanlies, 61, an employee of Rockwell Bros. and Company, died at 3 p.m. Friday in his home, 536 N. W. Ave. F, after an illness of two weeks.

He had worked for Rockwell Bros. and Company for 16 years, including two years in Moran before moving here 14 years ago.

Services were held at 3 p.m. Monday at Moran Methodist Church by Rev. Rodney Williams, pastor of the First United Methodist Church of Albany, and Rev. Robert Brown of Plainview. Burial was in Moran Cemetery.

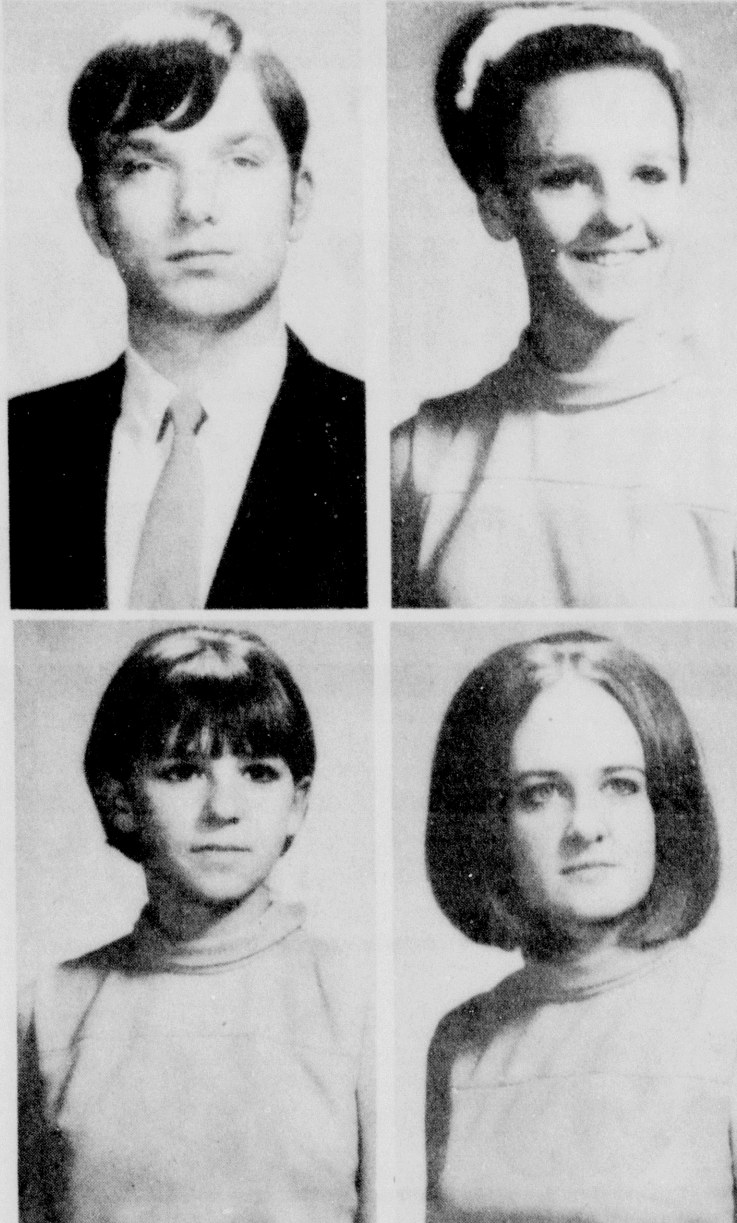

Born June 9, 1908, in Shackelford County, his parents were the late Mr. and Mrs. P. A. McCanlies. He married Mayme Dennis at Eastland July 29, 1933.

He was a member of First United Methodist Church.

Survivors include his wife; one son, Jerald of DeLeon; one daughter, Mrs. Cleo (Nita) Pettit of Hamlin; one brother, George of San Jose, Calif., and three grandchildren.

Pallbearers were Jimmy Spaulding R. E. Webber, Bill Raymond, O. E. Brandon, Burl Pettit and Woody Goolsby.

Tom McLaughlin, father of Mrs. John T. (Cel) Johnson, died in Pampa at 6:15 p.m. Tuesday.

ALL-STAR BAND — Making All-Star Band at the Hardin-Simmons Stageband Festival Saturday were Gary Carson, top left, son of Mr. and Mrs. Archie Carson; Keven Mehaffey, top right, daughter of Mr. and Mrs. H. L. Mehaffey; Toni Casey, bottom left, and Terri Casey, both daughters of Mr. and Mrs. David Casey.

Pipers Defeat Merkel To Close 7-AA Gap

A tight race is shaping up for the District 7-AA title as the Hamlin Pipers and the Coleman Bluecats moved within a half game of the league leading Merkel Badgers after Tuesday evening's action.

The Pipers downed Merkel Tuesday, 69-58, to gain an 8-3 mark and to drop Merkel to a 9-3 record in district. Coleman, who defeated Merkel last Friday, stayed in the race with a 52-49 victory over Anson Tuesday to share second place with the Pipers. The Pipers defeated Ballinger Friday, 71-64.

The Pipers will host Anson here Friday night and then will travel to Winters Tuesday. They will close out the regular season next Friday by hosting the Coleman Bluecats in a game that could decide the title or at least set up a playoff game for the crown.

Robert Bolden led the Pipers scoring against Merkel with 16 points as the Pipers overcame an early Badger lead to pull ahead at half-time, 29-26.

The other local teams dropped their games with Merkel with the girls losing, 61-53, and the B team dropping their game, 50-45.

Bolden had a hot hand Friday night to pour in 27 points in the Pipers victory over Ballinger.

Ballinger won the B game, 40-31.

B. M. (Mac) Brundage, Civic, Business Leader, Dies Friday

B. M. (Mac) Brundage, 71, Hamlin civic and business leader, died at 1 a.m. Friday in Hendrick Memorial Hospital in Abilene where he had been a patient for three weeks.

A retired manager of West Texas Utilities Co. in Hamlin, he was also a former assistant district manager for that company, a former Hamlin mayor and a past president of the Hamlin Board of Community Development.

Services were held here at 2 p.m. in First Baptist Church with the Rev. Max Brown, pastor, and the Rev. Marshall Stewart of the Church of the Nazarene, officiating.

Burial was in Fort Worth's Greenwood Cemetery Monday after a 2 p.m. graveside service. Harveson and Cole Funeral home of Fort Worth were in charge of arrangements there. Local arrangements were by Foster Funeral Home.

In 1955 he was named "Man of the Year" for Hamlin, a tribute in part to his leadership in Hamlin's successful efforts to solve its municipal water problems.

Born Apr. 7, 1898, in Andover, N. Y., he was the son of the late Mr. and Mrs. Ben S. Brundage. He was graduated from Andover High School.

As a teen-ager he went to work with the natural gas division of the Texas Co. and was sent in 1915 to Shreveport. He became a Texan in 1917 when the gas company sent him to Baird as local manager. He was married to Charity Dunlap there Aug. 5, 1918.

Mr. Brundage joined the West Texas Utilities organization in 1928. He was sent to Rotan as local WTU manager, a post he held two years. In 1930 he was transferred to Hamlin which remained his home. From 1945 he was assistant district manager of the Stamford district while also serving as local manager. He retired from the company in the spring of 1963.

Hamlin voters elected him to the city council in April 1946. He was elected, without opposition, mayor of the town in 1950. The town's water, sewer and fire-fighting facilities were expanded and modernized under his administration. The filter plant capacity was doubled, fire plugs were added, new street lights installed and many blocks of pipe line were laid.

As mayor, Mr. Brundage was prime mover in the drive to link Hamlin to the new lake Stamford built on Paint Creek. The town voted bonds for a 12-inch water line from the reservoir to Hamlin.

In addition to his work with the Rotary Club, the BCD and chamber of Commerce, Mr. Brundage served several years as a Hamlin school trustee and as secretary of the board.

Surviving are his wife of the home; one daughter, Mrs. Maxine Worley of Richland, Wash.; two grandchildren, Mrs. Robert (Jamie) Hills of Seattle, Wash., and Larry Mac Worley of Richland; and a great-granddaughter, Kristine Hills of Seattle.

Pallbearers were Holly Toler, O. D. Rowland, Bill Rountree, Henry Jackson, Cecil Terrell, Ned Moore and Dickie Ferguson.

Student Council To Host Student Basketball Meet

A basketball tournament featuring teams made up of high school students will be sponsored Thursday and Saturday by the Hamlin High School Student Council.

Games will start at 6:30 each evening.

The public is invited.

VFW Gives to MOD

The Veterans of Foreign Wars turned in \$60 to the Jones County March of Dimes fund Monday, according to Mrs. Joe E. Ford, one of the chairmen here for the National Foundation.

The money was raised Saturday evening and is the first major contribution to the MOD drive here.

Saudi Arabian Made Honorary Member of Hamlin Police Dept.

Adel Khalil Shaban, a native of Saudi Arabia and junior law enforcement major at Hardin-Simmons University, was made an honorary member of the Hamlin Police Department while on a visit to Jones County Saturday.

Shaban received the certificate of appointment from Hamlin Police Chief Bryan Wasson. Chief Wasson, who is also first vice president of the Texas Law Enforcement Officers Association, presented him with a lifetime honorary membership in that organization.

In addition to the plaque the visitor also received a tie tac, membership card and automobile decal, each bearing the emblem of the organization.

Shaban, 22, came to the United States in 1966 on a scholarship from the Saudi Arabian government as a part of the Saudi Arabian Educational Mission through the Department of Interior.

He arrived in the U. S. with 400 other young men from Saudi Arabia and the first year was spent learning the English language.

After six months at Indiana University, Bloomington, Ind., he went to Michigan State University in East Lansing, Mich. for further language study.

He was then ready to pursue his major in law enforcement. He said he chose Texas because of the climate being similar to that of his native country and he had heard the people were friendly.

He attended South Plains Junior College in Levelland before entering H-SU. He returned to visit his family in Madina, Saudi Arabia, during the summer vacation in 1968.

His family includes his father, Khalil Shaban, a merchant, two married sisters and four brothers who work with their father. His mother is deceased.

He plans to attend summer sessions in order to complete the necessary requirements for graduation. He expects to graduate in the spring of 1970.

While spending the day in Jones County, Shaban was a guest in the home of Chief Wasson for dinner and was then taken on a tour of the County by Chief Wasson and Sheriff Woodrow Simmons.

While in Hamlin, he visited at the Bill Feagan home where he saw a live bobcat. He said he had never seen a bobcat and stated that he liked cats. In Arabia cats are kept as house pets but dogs are considered unclean and are not allowed in the home.

He toured Plains Cooperative Oil Mill here and the Tuxedo Gin. He had not seen cotton so was intrigued by the ginning process. He received a sample of cottonseed cake and cotton.

In Stamford they were met

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(February 13, 1925)

Saturday evening about nine o'clock the home of Mr. and Mrs. G. H. Reeves in the north east part of town was destroyed by fire. Mr. and Mrs. Reeves were away from home at the time and the origin of the fire is unknown. The house and furnishings were almost a total loss, being covered by only a small amount of insurance.

A very interesting lecture was delivered Sunday afternoon at the First Baptist Church by Mr. J. R. Masterson, former Jones County Agent, now of Abilene.

Mr. Masterson's subject was "Mental Difference Between the Caucasian and the Negro." The subject was discussed from a psychological standpoint and was handled in a very masterful way.

This is the first of a series of psychological lectures which are being sponsored by the Woman's Literary Club. The next lecture will be delivered by Rev. A. W. Reaves, Sunday afternoon, February 22nd, at three o'clock, at the First Baptist Church, on "Religion Psychology."

Preceding the lecture a very delightful musical program was rendered by Mrs. Leslie S. Cooper, Mrs. W. C. Russell and Misses Louise Day and Virginia Reaves.

The home of Misses Vencie and Nettie Bowen in South Hamlin was the scene of a gay party, Tuesday evening when they entertained the members of the Happy Snappy Club.

The rooms were attractive in pretty valentine decorations. The past time of the evening was the ever fascinating game of Hearts. At the conclusion of the game the hostesses passed a dainty refreshment plate containing sandwiches, potato chips and orange nectar. Pretty little hearts bearing the date and the name of club were given as favors.

Mr. and Mrs. Tate May, and little son, James Tate, and Mrs. Delia McIntosh are expected to return from Dallas today where they have been spending several days.

Postmaster to ask for an immediate inspection of the city mail route. He expressed belief that it would be given steady approval.

Sparks sent a letter of request to the department last week and is expecting an inspector here any day.

Hamlin's Pied Piper basketball team continued to hold top place in the 6-A district cage play, in the second half of the season, when they defeated two district teams in the past week.

The locals, winners of the first half of the season, have a perfect record so far in the second stanza. The Pipers lost only one game in the first half, to Haskell.

The Haskell Indians toppled before a vengeful Piper squad last Friday night, when Hamlin won by a score of 38 to 34.

A total of 11,315 bales of cotton have been processed by Hamlin's two gins from the 1949 crop, managers of the gins reported to The Herald Thursday morning.

TEN YEARS AGO
(February 4, 1960)

George Jordan, former Chamber of Commerce manager and now a businessman of Brownwood, Friday night challenged people of Hamlin community to grasp their opportunities and make Hamlin one of the busy spots of growth in the area picture during the sixties decade. He was principal speaker at the annual Board of Community Development banquet that attracted more than 400 citizens of the area to the new high school gymnasium.

Jordan pointed out that opportunity is not security—but is taking advantages of chances of progress as they appear on the scene. He tactfully took a placard bearing the word "Opportunity" and showed that "unity" is definitely a necessary ingredient. Then he folded the placard further to reveal that you and I ("uni") likewise are component parts of his topic for the evening.

About 100 attendants are expected next Monday evening at 7:30 o'clock in the Primary School cafeteria when Cub Scouts of Hamlin community, their parents and a number of invited guests meet in their annual blue and gold banquet to celebrate the fiftieth anniversary of the Boy Scouts of America, declares Eugene Knabel, Cubmaster.

Employees at the Hamlin plant of the Celotex Corporation have worked 1,001,390 man hours without loss of time due to an injury, this week reports J. A. Howard, personnel manager at the plant.

Members of the senior class of Hamlin High School made a generous contribution this week to the March of Dimes campaign of Hamlin community when 50 per cent of the profits from the Monday evening basketball game between the HHS faculty and outsiders were donated to the cause.

Officials of the class declared they hoped their contribution to the March of Dimes will be a help in some way to this worthy project.

In need of a Pull...

Coleman Adv. Serv.

It is fun to get out and romp with our children, to share in their joy. Sometimes it is even work to pull them on a sled. Afterwards you may be tired and bones and muscles ache, but you think fondly of the laughter, and squeals of delight and the love that shines in a child's eyes. Then you think it's all worth the effort, for they won't be young forever, and someday you will only have memories.

They won't be young forever and now is the time that they need a pull in the direction toward God. Now is the time that you can lead and share in the joys of their worship. Take your children to Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Finds New Source of Tax Revenue From A Genius In the Mysterious East

Editor's note : The Neinda Philosopher on his Johnson grass farm on Route One discovers a new source of tax revenue this week, or so he claims.

Dear editor:

All governments, from towns to cities to states and on up to Washington, are always looking for new sources of tax revenue and I have just found one in a newspaper that blew across my face as I stepped out the back door the other morning and which I pulled off fast as no man in his right mind will go out my back door blindfolded on account of that loose board. It's the second one from the top. Or was yesterday. Another one may be loose by now.

According to it, South Vietnam has been charging and we've been paying 10 to 15 million dollars a year in taxes on property such as food and supplies and ammunition we've got there to defend the country

against North Vietnam.

People talk about those backward Asian countries but so nobody over there ain't so dumb.

Who ever thought up the idea of taxing us for helping them is a genius.

But I don't see why we can't learn from the mysterious East and use this idea ourselves.

For example, take highways. Most big highways are financed in great part by the Federal government. All right. If a highway comes through a county, why can't the county tax the highway? It may sound preposterous, but why not follow the Asian mind and send Washington a bill and see what happens? Who knows, if it reaches the same office that's paying U. S. taxes in South Vietnam we might get a check back in the next mail.

If it works, the lid is off. There are Federal projects and buildings all over the nation, every town has a

post office — say, there's an idea. Tax the post office. Tax the welfare office. Tax the Red Cross. Tax the Internal Revenue offices. Tax the state legislature. Tax the Governor's mansion.

The field is unlimited.

Yours faithfully,
J. A.

Hamlin High Happenings

Piper Patter

The Hamlin Pipers defeated Ballinger last Friday night at a game played here. The score was 71-64. At the half, the Pipers were behind, but they did not let this put them down as they overcame the Bearcats in the last half. Robert Bolden was highpointer with 27 points.

The Piperettes defeated Coleman in an exciting game last Tuesday night. The final score for the game was 35-34. Marcia Steele was high pointer for Hamlin with 26 points.

The HHS Stage band received first place in Class AA at the Hardin-Simmons Stage-band Festival. This festival was held last Saturday. The members also played at the concert that was held that night. Those which made the All-Star Band were Gary Carson, trumpet; Terri Casey, alto-sax; Keven Mehaffey, tenor-sax; and Toni Casey, flute.

The Student Council met last Monday to discuss the Basketball Tournament which they are going to sponsor Feb. 5 and Feb. 7. The admission is 25c and everyone is welcome to come. Also, during the tournament, there will be a free throw contest and the Student Council will have concessions.

The annual FHA Beau Night Banquet was held Monday night in the high school cafeteria. Marcia Steele, FHA president, gave the welcome followed by the invocation given by Latrese Williams. After the meal, entertainment was provided by Marcia Steele, Latrese Williams, and Karen Jackson. They were accompanied by Geneva Ward. Several presentations were then made and Jana Ferguson introduced Mrs. Donald Young as guest speaker for the evening. She spoke on "Decisions That Count." The banquet then ended with the FHA Creed and song.

A large number of second, third, and fourth year vocational agriculture students went to Fort Worth last Friday for a field trip to visit the Ft. Worth Livestock Show.

Eighth Grade Boys Lose to Anson, Defeat L-Avoca

The Junior High Eighth grade boys basketball team got back in stride Monday with a 52-22 win over Lueders-Avoca after losing their first district game to Anson Thursday, 31-21.

High for Hamlin in the Anson game were David Willis and Bill Cork with 7 points each. Willis was high against Lueders-Avoca with 16 points.

In other action, the seventh grade boys won both games. They defeated Anson, 29-20, and Lueders-Avoca, 28-14. Johnny Jones was high in both games with 12 points against Anson and 8 against Lueders-Avoca.

The eighth grade girls lost both contests. Christi Bell scored 9 points as the local girls lost to Anson, 24-17, and she tallied 11 points as they lost to Lueders-Avoca, 31-18.

The three teams will play Haskell at Haskell tonight (Thursday) with the first game starting at 5:30.

Mrs. Bill Shira On Dean's List, Others Honored

Mrs. Bill (Betty) Shira a junior at Hardin-Simmons University, was named to the Dean's List for the 1969 fall semester. She maintained a grade of "A" in all courses.

Gil Lain, a freshman, was named to the Honor Roll. A grade point average of 3.58 in 12 or more semester hours is necessary to qualify.

Students enrolled for 6 to 11 hours with a grade point average of at least 3.58 were named to the Honorable mention roll. From Hamlin were Mrs. David (Ketta) Casey and Mrs. Fred B. (Bernice) Moore Jr.

ICE FOLLIES DEBONAIRES — Synchronized shadow skating (every movement identical) is the unusual specialty of Bill Thomas and Hugh Smith, the ice ambassadors of Ice Follies International, which is now playing in Texas for the first time through Feb. 8 at Abilene's new Taylor County Coliseum. As "The Debonaires," they present the beautiful skaters who portray "The Four Seasons" in one the most opulent production numbers of the Ice Follies. At the climax of the number, the Debonaires will present a Valentine bouquet of flowers to some feminine guest in the audience each night, and then pose for pictures with that chosen "Valentine" after the show.

By MRS. R. M. BABB

Cloudy and cool and promise of still colder weather tonight (Monday). We had 10 in. of rain early Sunday morning — then a dust storm Sunday afternoon.

Some sixty-five to seventy-five people registered as they helped the E. P. Harrises celebrate their 55th anniversary. There were people from Roby, Hamlin, Sweetwater, McCauley, Ft. Worth and friends from here in town.

Mr. and Mrs. Rinehart of Hamlin visited in the W. B. Brown home last Friday evening.

County Agent Warns of Feeding Poisoned Grain

The recent report of mercury poisoning of two youngsters in New Mexico, who had eaten pork derived from hogs which had been fed grain treated with a mercury base fungicide, has given raise to numerous inquiries from livestock feeders over the area, says Jones County Agent Kirby Clayton. In connection with the recent incident, there are 200 pork carcasses which are being held by meat inspectors which they suspect had been fed treated grains. If the meat is found to have even a trace of the fungicide, the carcasses will have to be destroyed. This will involve a loss to the producer of the hogs as well as the packer.

Under no circumstances should fungicide treated grain be fed to meat or dairy animals. There is not only the possibility of killing the animals, but also the fungicide material can be deposited in the tissue of the animal, and if the meat is consumed, poisoning of the individual may result.

County Agent Kirby Clayton cautions farmers and ranchers to exercise extreme care in the proper use of all pesticides and also to avoid feeding animals grains which have been treated with fungicides or any other toxic material which may cause animals to be condemned for human consumption.

If in doubt about the use of any treated grains for use in feeding livestock, please call your county agent or nearest veterinarian.

The Sylvester-McCauley Water Corporation had their annual meeting last Monday night at the McCauley School and it was disappointing as only 18 people came. Our corporation is doing real well but seems to me a lot more people should be interested.

There is still a lot of colds and old fashioned "flu" but every one is at home as far as I know.

Mrs. Johnnie Sharp and her son, Don, of Abilene spent a few hours in the Montgomery home one afternoon last week.

Mrs. Jack Gann's father, Mr. O'Donnell is ill in Sweetwater hospital and then last Friday her husband Jack, received a broken hand while on the job.

One afternoon last week Mrs. E. M. McCreight and Mrs. May Hurst were returning home from Anson when an oil truck hit them from the rear, turning the car over and back on its wheels. Mrs. Hurst was bruised but as yet nothing has resulted — only very sore and all colors.

Mrs. McCreight is in Anson hospital in traction and will be there several more days.

The Wesley Maberry family have moved to Abilene from Irving where they have been living for several years.

Melissa Hardwick of Abilene spent the weekend taking care of her family while her Mother was ill with the flu.

Highway Patrol Seeks Information On Hit and Run

Dale Burger, patrolman for the motor vehicle inspection division of Texas Department of Public Safety, was in Hamlin last week distributing posters seeking information on a hit and run accident 34 miles east of Weatherford on U. S. Highway 80 Dec. 7, 1969.

Douglas Thompson, a member of the Texas Highway Patrol was struck and killed by a hit and run driver. Investigation reveals that the hit and run vehicle is a 1960 Ford Fairlane, four door, white in color.

Accessories knocked from the right front fender of the vehicle have been photographed and printed on posters that were placed in several spots in Hamlin.

AUSTIN, — Texans who registered to vote before the January 31 deadline are assured plenty of action for their 1970 registration certificate.

One of the nation's hottest U. S. Senate races is due to rage on through the November 3 general election.

Sen. Ralph Yarborough, 66, of Austin and former Congressman Lloyd M. Bentsen Jr., 48, a Houston business executive, are major Democratic contenders for Yarborough's seat. Whoever wins will face Republican Congressman George Bush, 45, of Houston, in November.

Gov. Preston Smith, 57, may have opposition from Sen. Ralph Hall, 46, of Rockwall, who made a last-minute announcement Monday as a candidate on the Democratic ticket. Hall's application was not accepted by the State Democratic Executive Committee for technical reasons and was referred to the Supreme Court for determination of his eligibility.

Paul Eggers, 50, of Wichita Falls, will be the Republican challenger for the office of Governor in the general election in November.

Republicans talk freely about million-dollar campaigns for Bush and Eggers.

Atty. Gen. Crawford Martin will be opposed by District Judge David Brown of Sherman in the Democratic primary and Corpus Christi attorney Edward Yturri, 42, a Republican, in November.

Republicans came up with a surprising number of statewide candidates before the February 2 filing deadline.

In addition, there will be hard fought contests in many Texas counties.

Long-time conservative leader Bard A. Logan of San Antonio said he was "tired and needed a rest" so he resigned as chairman of The American Party of Texas. Vice-Chairman H. W. Matthews of Conroe succeeds Logan until the election of a new leader at the state convention.

Chief chore of the American Party now is to get 30,000 to attend its May 2 precinct conventions, so it can qualify to place a gubernatorial candidate on the ballot.

And there will be a sizzling November 3 battle over the liquor-by-the-drink proposition on the constitutional amendments ballot. Lines are already forming and campaigns shaping up on that.

POLLUTION FIGHT SET — Texas Air Control Board will ask Attorney General Martin to begin legal proceedings soon against persistent air polluters, particularly in Houston and El Paso.

Pollution issue is being spotlighted by candidates from local to senatorial level.

On January 29, Texas Water Quality Board called on the U. S. Navy, seven towns and three industries to explain poor quality discharges into public streams.

Navy said it would keep on dumping raw sewage into the Sabine River until it gets \$146,000 for treatment facilities.

Towns invited to answer questions about their sewage discharges were Celeste, Center, Greenville, Hemphill, Newton, Quinlan and Timp-

ROLLING PLAINS COTTON GROWERS INC.

Stamford — Farmers in 12 mid-section counties of the Rolling Plains will receive an increase of \$4,879,670 in total price support payments on the 1970 cotton crop over the total received on the 1969 crop.

This increase will be due in part to an over-all boost in yields per acre for the area, according to Charles Bragg, executive vice president of the Rolling Plains Cotton Growers, Inc.

Also, the payment rate of the 1970 crop has been increased 2.07 cents per pound, from 14.73 to 16.80 cents, and acreage allotments in the dozen counties was increased 35,682 acres over 1969. Total support payments on the 1970 crop will amount to \$24,951,243, compared to \$20,071,573 for 1969.

Nine of the counties received increases in projected yields ranging from 35 pounds in Jones, the highest, to 4 pounds in Taylor, the lowest.

Three of the counties sustained losses in their projected yields, with Mitchell taking a 54-pound cut per acre, the biggest loss in the

Rolling Plains. Scurry County also lost a sizeable amount when the average yield was reduced by 29 pounds, from 449 last year to 420 for 1970.

Following is a summary on total price support payments on the 1969 crop and projected payments on the 1970 crop in the mid-section dozen counties.

by Texas Ranger Sid Merchant and the Stamford Police force. Chief B. Q. Cooper conducted a tour through the station and jail.

They went on to Anson to see the County law enforcement department.

Visiting with Chief Wasson and Sheriff Simmons, Shaban said that in his country it is felt that the criminal element should be removed from society. He said, "If you have a fruit tree with a fungus, you chop it down so as not to spread the disease to the other trees."

In Arabia, he noted, bad criminals are deported to an island in the Red Sea. They are given only a fish hook and line and must provide for themselves. They are left there for life.

Punishment for theft of value over \$100, first, second and third offenses, the criminal is sent to jail; fourth offense the right hand is cut off. Fifth offense, a foot is cut off and for sixth offense, sent to the island.

He added there is a very low crime rate. Shaban and Chief Wasson met at Hardin-Simmons where Chief Wasson is teaching a course in law enforcement.

Rites Held Here for Former Resident, Claude B. Gray

Services for a former resident, Claude B. Gray, 76, of El Paso, were held here at 10 a.m. Monday at First Baptist Church Chapel.

Mr. Gray, a lumberman, died at 3:30 a.m. Friday in El Paso.

He was born Apr. 19, 1893, in Roscoe, the son of the late Mr. and Mrs. George Gray.

He was a member of the VFW and American Legion. Rev. Max Brown, pastor, officiated for services. Burial was in Hamlin East Cemetery.

Survivors are one brother, George W. Gray of Borden County; and one sister, Mrs. Leo (Anna Beth) Chaleff of Dallas.

Pallbearers were Harold Bonner, D. B. Sauls, Henry Albritton, Bill Rountree, Arlie Cassle and John Bryant.

EAGLES SPEAK

The Eagles played Trent last Thursday night. The girls scored 36 points to their opponents' 90 points. Sue Smith was high with 27. Others scoring were Polly Spalding, 8, and Vicki Smart, 1.

The boys tallied 51 points to Trent's 58. Scores were made as follows: Domingo

Benavides, 20; Joe Cooper, 7; Eddie Gibson, 7; David Hill, 5; Larry Smart, 6; Glen Dowell, 3; Daniel Benavides, 2; and Teddy Current, 1.

The sophomores lost one of their classmates last week when Brinda Kiser withdrew and was married to Jimmy Mack Rivers of Rotan.

Dave Weaver, A&M Graduate Student, Wins With Paper

Dave Weaver of Hamlin, graduate student at Texas A&M University, was presented the first place research paper for the second year in a row during the recent annual Southern Weed Sciences Society meeting in Atlanta, Ga.

Weaver is working toward his doctoral degree in A&M's Department of Soil and Crop Sciences.

His paper, which won him \$50, was selected over about 20 other entries from major universities in the United States. The title was "Paraffin Oil As a Carrier for Trifluraline."

Trifluraline is a popular weed control chemical used by farmers. Weaver's research dealt with methods of preventing evaporation loss of the chemical from the soil surface.

The student is the son of Mr. and Mrs. Noel Weaver of Hamlin.

Jones County Voter Registration Total To Approach 6000

Voter registration in Jones County probably will total almost 6,000, a check with Louis Johnson, tax collector, showed Monday.

"We have already issued 5,123 certificates and have 805 applications on hand to send in. It has been three or four days since we collected applications at the banks. This would indicate that the total might approach 6,000," he said.

Applications are mailed to Unitab in Abilene and the registration certificates are mailed from there. Those who filed their applications late will receive certificates within a few days, the tax collector explained.

Although the 6,000 registration is below the 7200 figure of 1968, it is more than the 5100 of 1969. A high of 7200 registered in 1968. In 1966, the first year of free registration, there were 3500 qualified voters in the county.

Chief Wasson Serving As Guest Lecturer At H-SU

Chief of Police Bryan Wasson has been teaching recently at Hardin-Simmons University in Abilene as a guest lecturer in the new Law Enforcement program. He has conducted lectures on patrol methods and procedures, criminal investigation and vice and narcotics.

An average of 25 students are enrolled in each of the three law enforcement courses being offered at H-SU this semester.

Chief Wasson was also

asked to teach in the new regional Law Enforcement Academy sponsored by the West Central Texas Council of Governments of which Hamlin is a member.

Patrolmen Gary Taylor and Bobby Seifres are presently enrolled in this seven-week training program.

Work Resumes On Most Conservation Projects In Area

Most of the construction of parallel terraces and grassed waterways in Jones County that were halted during the wet spell during January has started back again.

Terraces are under construction on the following farms: Wayne Carlton, Jack Merket, Bill Matchett, F. H.

Brockett, and M. C. Olson, according to Ronald Bailey of the Soil Conservation Service.

Grassed waterways are under construction on the Wayne Carlton F. H. Brockett, and Darryl Schoonmaker farms.

Construction work on the Boaz Ranch, C. O. Richard's farm, and Ross Boyd farm is still delayed due to wet soil.

Construction work on the Clyde Wright, Richard Cooley, and Mrs. Zada Beard farms has recently been completed and work on the John C. Bryant, Mrs. Eva T. Emerson, and Gayle Baucum farms is scheduled to begin in a few days.

A \$27,800 federal grant will go to Portland for a city park development.

You'd think by now God would say "Phooey!"

What with all the hate, the indifference to war, the fanatical selfishness we see around us. But God doesn't go around saying things like "Phooey." He goes around saying things like "Love your neighbor as you love yourself." Have you tried it lately?

Break the hate habit: love your neighbor.

NEW... biggest feedmaker built!

Gehl leads again. Big, new 120-bu. Mix-All combines "biggest-of-all" capacity plus Gehl's commercial-quality grind and mix ability. One demonstration will prove the 115MX can help you manage more livestock. Here's why:

- Exclusive hay feeder smoothly feeds bale slices to the mill.
- 120-bu. mixing tank, plus new 21-in. mill increase feedmaking capacity 40%.
- 66 thin cutting hammers—more per sq. ft. of screen area than other mills.
- 10-foot, high pivot (46") auger unloads feed where you need it.

These and many other features put the giant 115MX way ahead of competition. More farmers — 35,000 of them — own Mix-Alls than any other make.
